

Cloud in a Vase

Materials:

- Shaving Cream
- Pipet (could use anything that makes it drip)
- Vase (could use clear bucket, jar)
- Food colour
- water

To Do:

- Add water in a vase
- Squirt shaving cream on top of the water
- Drip few drops of dye in different area on top of the shaving cream

➤ *The thicker the shaving cream is, the longer it takes for the shaving cream to come through the shaving cream into the water*
