# Counting Numbers with Playdough

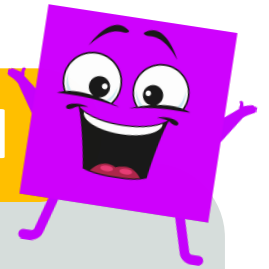

## Math Activity

# Counting Numbers with Playdough

## What you need

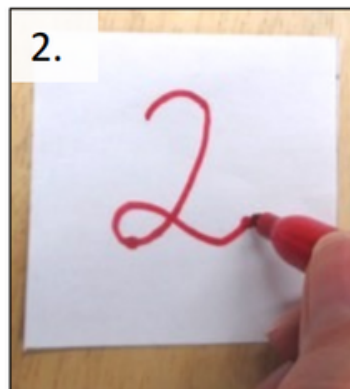

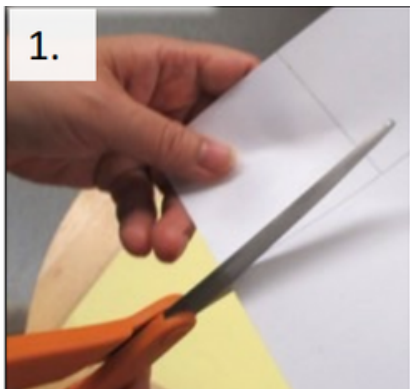

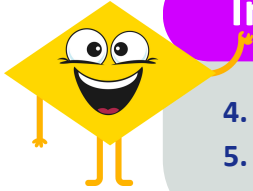

- Playdough
- Roller
- Lego Blocks
- Paper
- Scissors
- A Marker or Pen

## Instructions

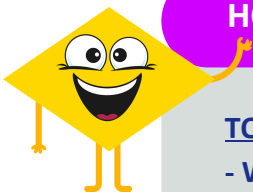

1. Cut paper into squares
2. Write down a number on each square
3. Prepare some Lego blocks, the number squares, the roller and the playdough

## Instructions

4. Pick a number square and place it next to a piece of playdough
5. Press a Lego piece onto the playdough to show the right number

## HOW TO USE THE COUNTING NUMBERS WITH PLAYDOUGH ACTIVITY

### TO LEARN MATH:

- With older children, try simple adding using the playdough
- Try counting up to larger numbers (past 10, 11, 12...)
