

Feed the Shark

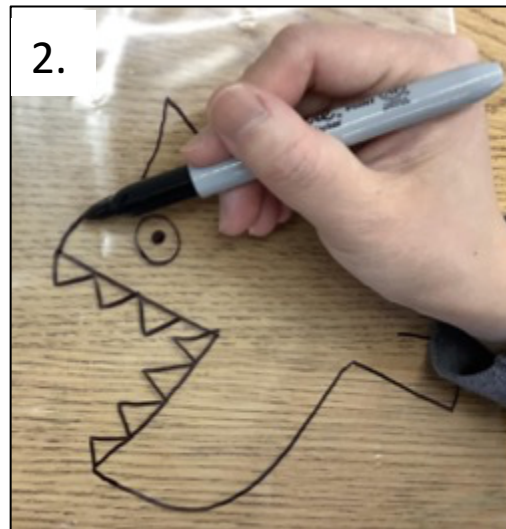

What you need:

- Large Beans or pebbles or buttons
- Marker
- Ziploc bag

CAUTION: The beans/pebbles/buttons used for the fish can be a choking hazard. Please supervise your children.

Steps:

1,2,3. Draw fins, eyes, and mouths on the beans to make them into little fish. Then, draw a shark onto the ziploc bag, and place the glass pebbles inside it.

4, 5. Encourage your child to slide a bean “fish” into the open “mouth” of the shark one at a time, using their fingers. Try counting them out loud together.
