

## Hide and Seek with Colours

### What you need:

- Kitchen Towel
- Baking Tray
- Washable Markers
- Permanent Markers
- Spray Bottle of Water

### Steps

1. Draw hearts using washable markers onto the paper towel. Fill in the hearts as well.

2, 3. Fill in the hearts once again using black permanent marker. Make sure to cover it completely.

4, 5, 6. Using the spray bottle, spray over the hearts until the paper towel is soaked. Watch as the colours from the washable markers spread out from the heart throughout the paper towel. The permanent marker would stay on the paper towel, while the washable marker would show the movement of the sprayed water.
