

SENSORY ACTIVITY

Ice Cube Play

❑ What you need :

- Ice cube tray
- Various small toys
- Water (cold and warm)
- Container (bowl)
- Dropper or Teaspoon

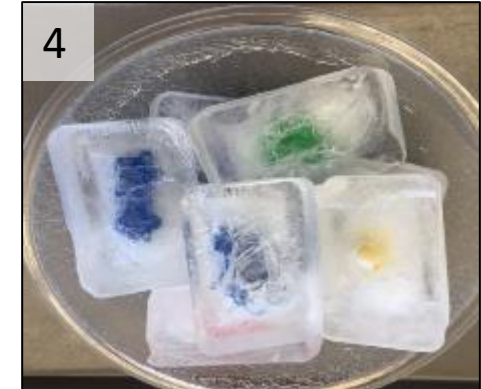

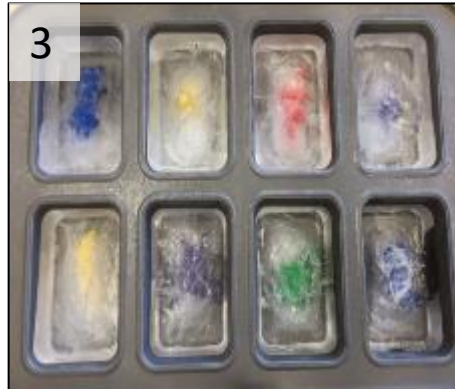

❑ Steps:

1, 2. Place some small toys in an ice cube tray. Pour cold water into the tray and freeze for 3-4 hours.

3,4. Remove the ice cubes from the tray and place them into a container.

5. Drip warm water onto the ice cubes using a dropper or a teaspoon.

6. With your child, explore the ice cubes with your sense of touch to reveal the hidden toys.
