

# FINE MOTOR ACTIVITY

## Making Teddy Bears

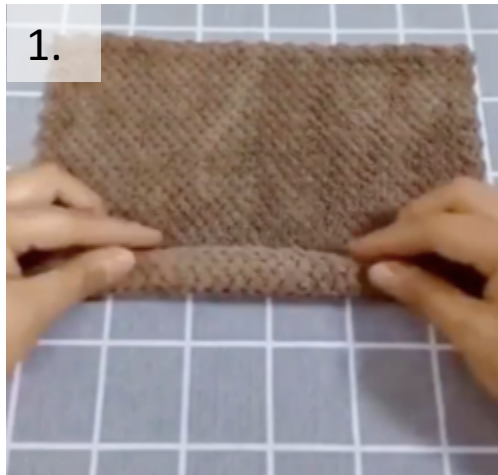

By Eunice & Tamara

### ☐ What you need:

- towels or washcloth
- rubber bands
- ribbons

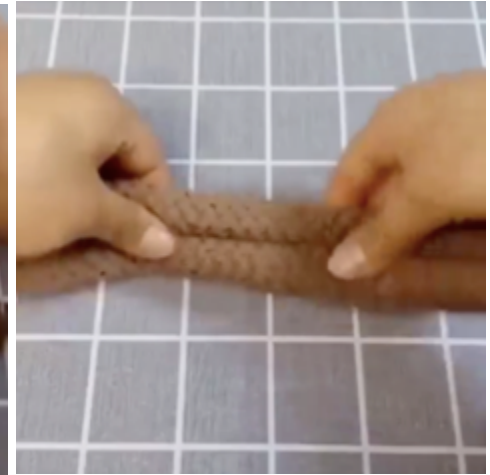

### ☐ Steps:

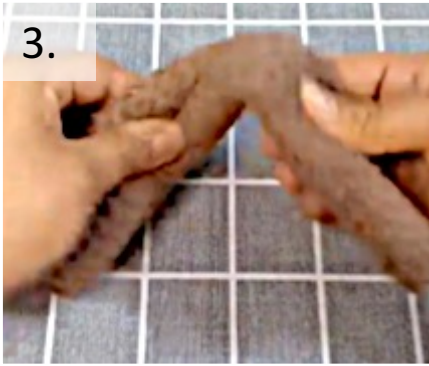

1. Start rolling the towel from one end, into the center.

2. Turn to the other side of the towel, and repeat the process by rolling again into the center.

3.

3. To make the body, fold the rolled up towel and twist the bottom half, and then fold the upper part of the towel  $\frac{3}{4}$  of the way.

4.

4. Wrap the rubber band around the towel to make the teddy bear's face.

5. To make the ears, pull out the small folded parts on each side of the upper section of the towel.

6. The rubber bands will be used to secure the ears in place. Adjust the doll if you need to. For the finishing touch, simply tie a ribbon around the bear's neck in a nice big bow. Then you're done!
