

New tic-tac-toe

Age: 4-5 Plays: 2

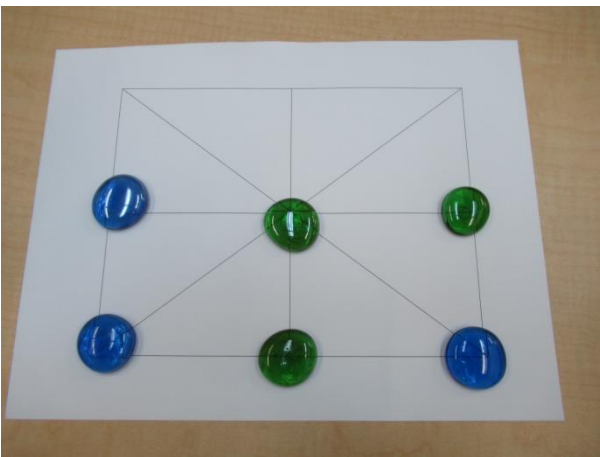

You will need:

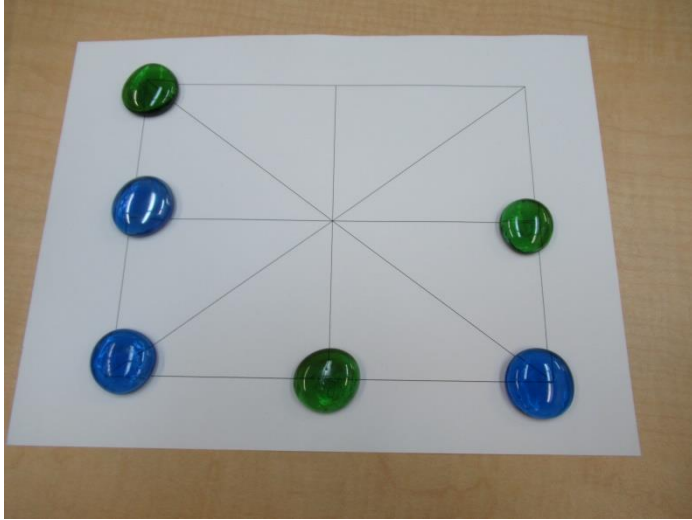

- Draw a game board
- 3 counters per player such as stones or buttons

How to play:

- 1 Both sides hold 3 of the same stones or buttons
- 2 Guess the first order. Take turns to places on the board on the point.

3. you can move the pieces after all three pieces have been set.

4. Each movement can only take one step along the line, no matter vertically, horizontal, or diagonal.
5. The first player who gets 3 in a row win. A row can be made vertically, horizontal, or diagonal.
