

BURNABY
FAMILY LIFE
A PLACE TO GO... A PLACE TO GROW!

Shape Sorting

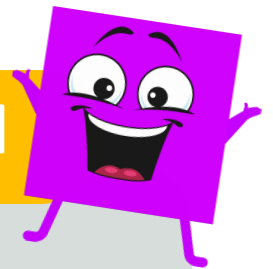

Math Activity

Shape Sorting

What you need

- Scissors
- Different coloured Masking Tape (Paint Tape)

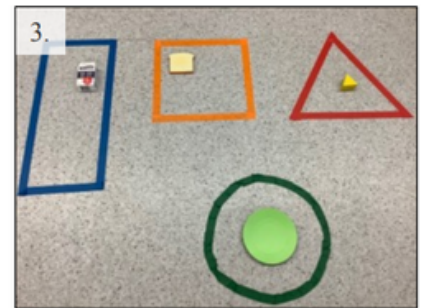

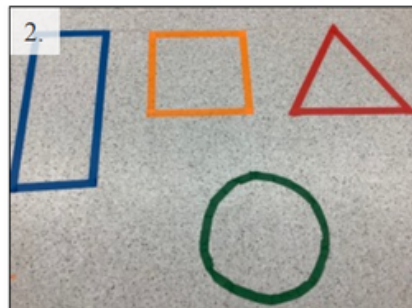

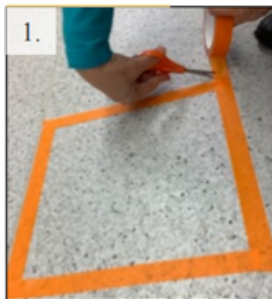

Steps

1. Create shapes on the floor using masking tape

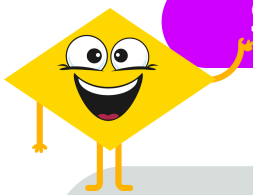

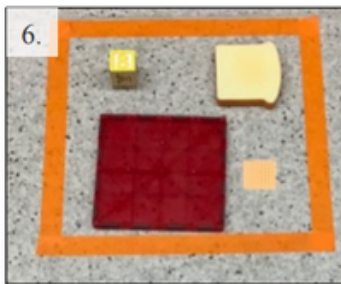

2. Use the tape to form various different shapes

3. Find objects around the house that are the same shape, and place them in the masking tape shape

Shape Sorting

Steps

4, 5, 6, 7. Look for objects in various sizes and colours. Compare how the objects that match each masking tape shape are similar, and how they are different

Try this with your child:

- Name each shape together
- Talk about the idea of bigger and smaller, as well as about the colours of each object
- Name each of the objects, and talk about what they are used for
