

Water Dropper Activity

❑ What you need :

- Various sized bottle lids
- Dropper (use a teaspoon if you don't have a dropper)
- Water
- Large tray

❑ Steps

1. Place a dropper, various sized bottle lids, and water in a small bowl on the tray.

2. Squeeze the dropper using your thumb and index finger and hold it until the water fills up the dropper.

3. Freely transfer some water into each lid.
