Watermelon Seed Counting

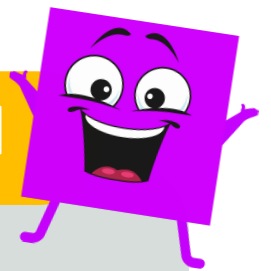

Math Activity

Watermelon Seed Counting

What you need

- Cardboard
- Markers or Paint
- Scissors (adult only)

Steps

1. Trace out the shapes of the watermelon pieces on cardboard with a black marker

2. Have your child colour or paint the watermelon pieces

3. When the pieces are dry, draw on the seeds with a black marker. Label the end green pieces with numbers 1, 2, and 3

Suggestion: For older children write down more numbers and have them match the seeds with the numbers up to 10
