

What is in the Box?

Materials

- Tissue Box
- Pine Cone
- Letter
- Train
- Car
- Wooden Stick

Objects: can be anything you find at home, as long as it fits inside the box

Box: can be any size and must have a hole that the child can fit his/her hand in there without looking and just can feel

What is in the Box?

To Do:

- Choose 5 objects, that can fit in the box and that the children are familiar with it
- Put all objects in the box
- Have child look away and have child put his/her hand in the box and feel and guess what is the object the child is touching
